The ART of Portuguese Ceramic Tiles

Ceramista™ is a portuguese brand, designed by the company POLO JCP Lda, located in the North of Portugal.

Designed for the production of ceramic coverings, we use clay as our raw material, ensuring a 100% natural product to our customers.

This product provides all kinds of innovative solutions, focusing on the philosophy of differentiation and specialization, valuing handmade working methods.

Based on a concept of versatility, Ceramista™ allows the Client to have complete freedom in the creative process of their products, customizing them and satisfying all their needs and wishes.

This concept of three-dimensional ceramic panels presents an image of creativity, modernity and harmony of spaces.

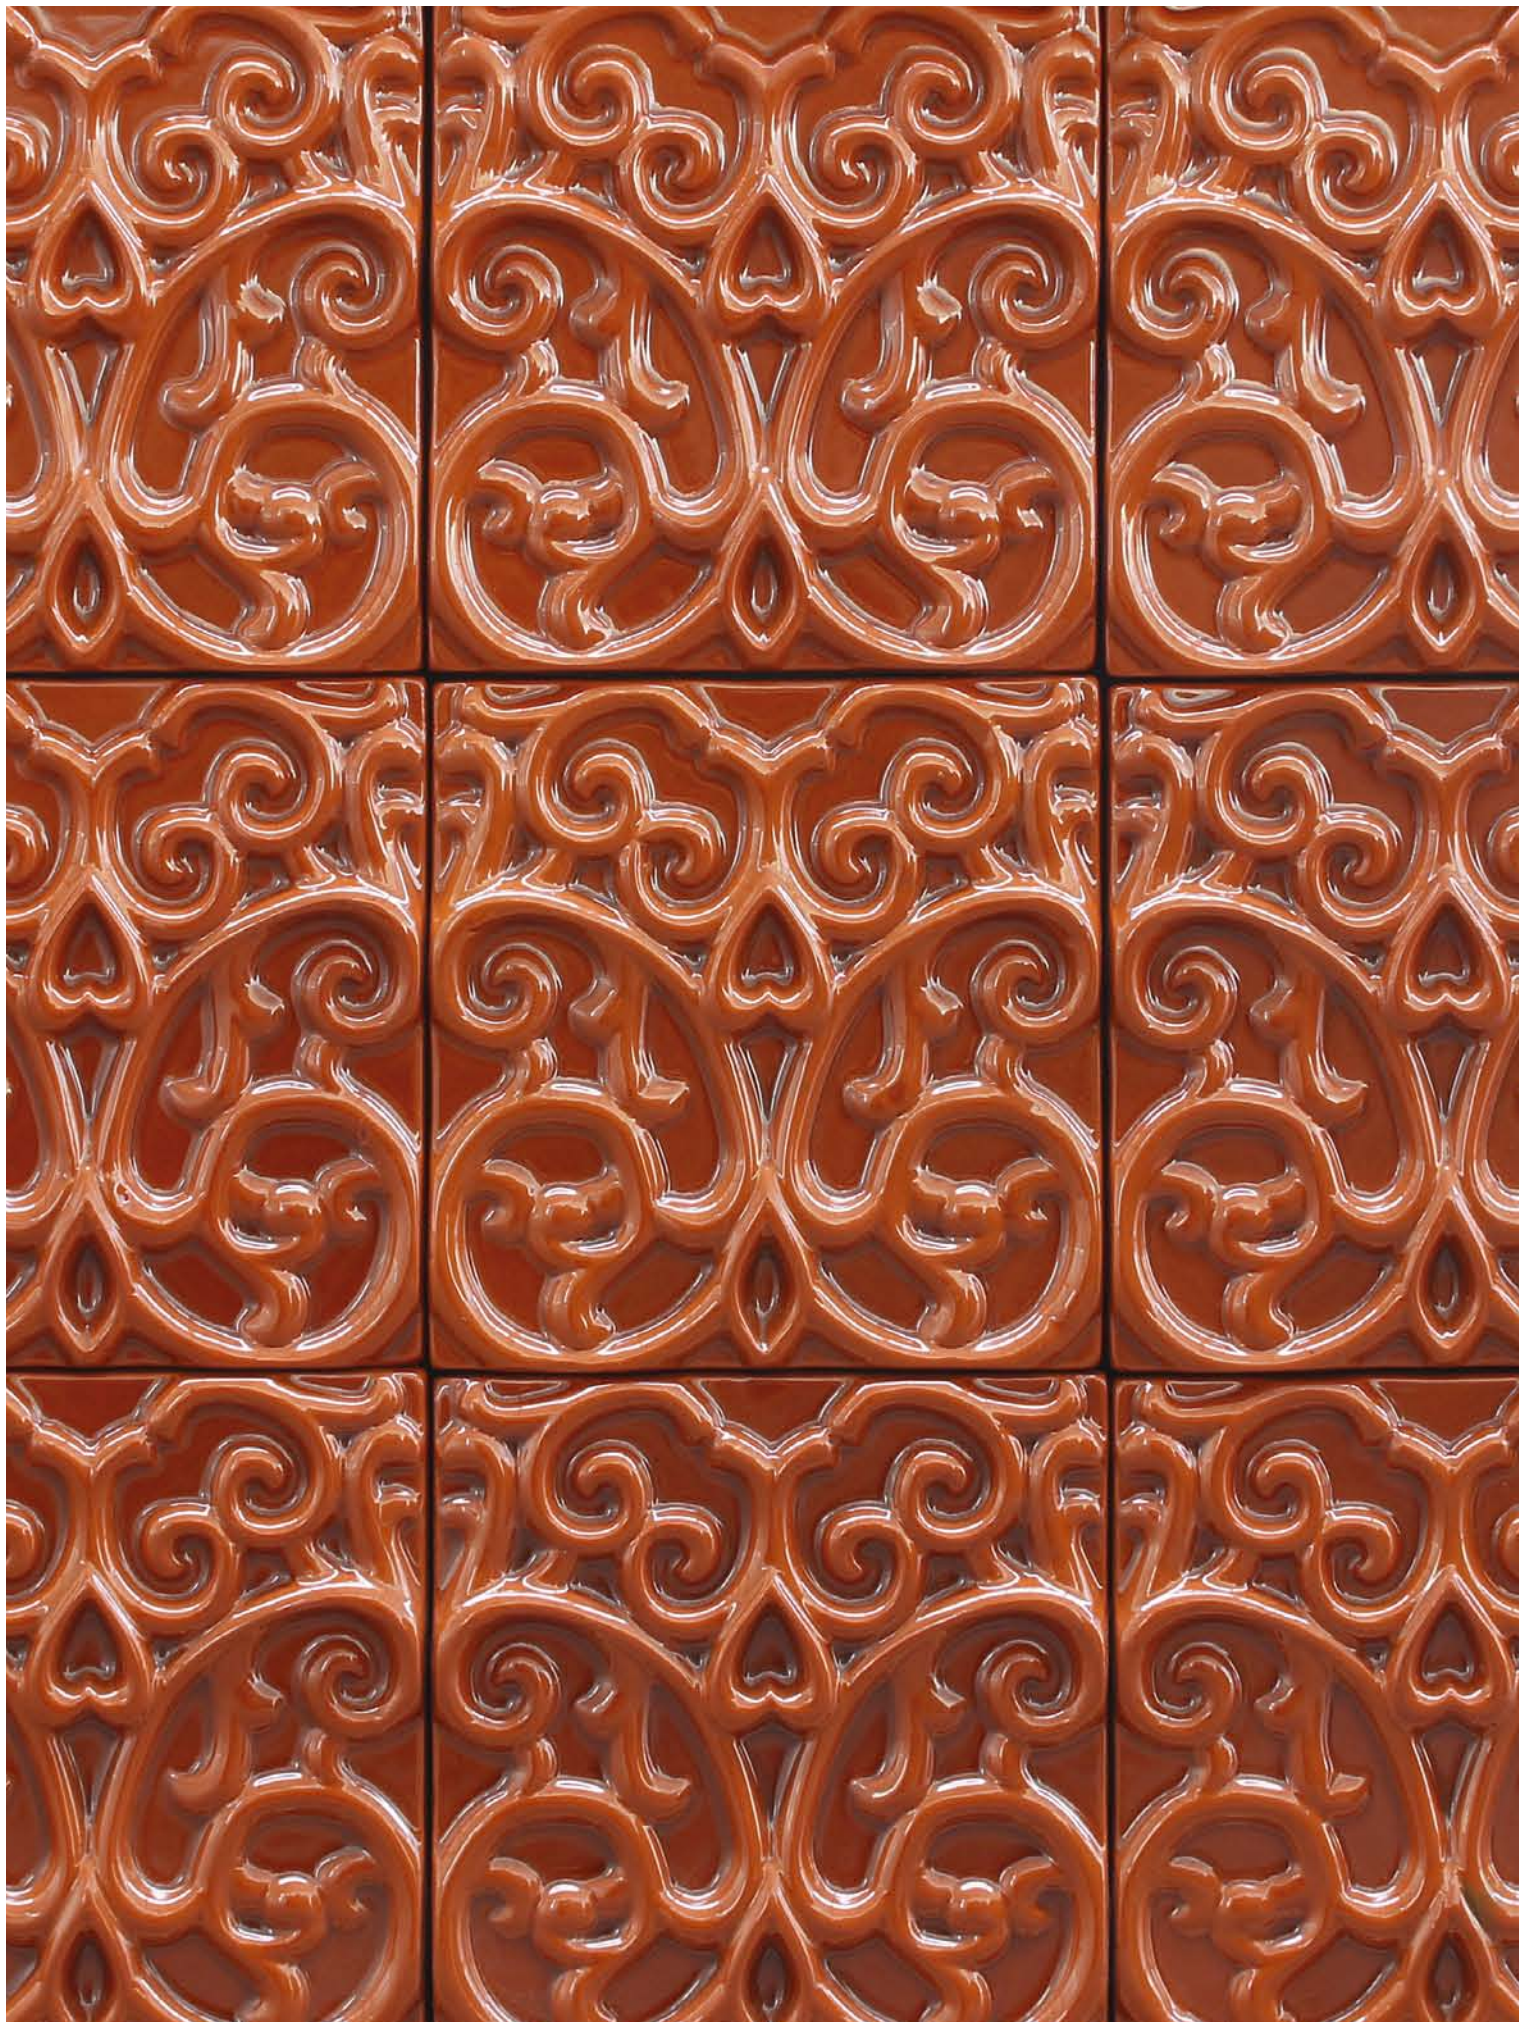

We offer a wide range of products from its Size, Texture, Color and Design. Ceramista™ excels in quality and durability of its products and services, with a team of employees with high sense of professionalism.

We work continuously to maintain high levels of quality, innovation, efficiency and total commitment to the Costumer.
